

Move-In Ready™

One complete relocation service - from the first packed box to a clean, functional space.

One team. One plan. One coordinated move.

Avoid multi-vendor coordination. WHILZ combines packing, protected transport, property preparation and settle-in support into one managed sequence.

A single coordinated journey, supported by one WHILZ team in Abuja, Nigeria.

What your move can include

Scope is confirmed after your assessment and agreed before service delivery.

1. Pre-Move Planning & Packing

- In-Home or Virtual Inventory Audit: Detailed itemization of furniture, electronics, and fragile items to allocate appropriate packing supplies and crew size.
- Heavy-Duty Packing Materials: Supply of double-walled corrugated boxes, eco-friendly wardrobe boxes, bubble wrap, stretch film, and heavy-duty furniture blankets.
- Color-Coded Room Tagging System: Every box and piece of furniture is labeled by target room to streamline destination placement.
- Custom Crating & Fragile Handling: Specialized protection for electronics, glassware, artwork, mirrors, and delicate decor.
- Wardrobe & Personal Effects Prep: Clothes transferred directly on hangers into portable wardrobe boxes to prevent creasing and immediate wearability post-move.

2. Transportation & Logistics

- Dedicated Enclosed Moving Vans/Trucks: Weatherproof, carpeted transport vehicles assigned exclusively to your move.
- Professional Crew & Handymen: Trained movers for heavy lifting, plus technical handymen for furniture disassembly (beds, dining tables, wall-mounted units).
- Transit Protection & Handling Guarantee: Secured strapping and padded padding throughout transit to eliminate shift damage.
- Scheduled Loading & Departure: Timed execution to fit residential estate gate rules and access restrictions.

THE WHILZ DIFFERENCE

Plan it once. Move with confidence.

Inventory, packing and protected transport are coordinated around your home, access requirements and moving day.

Prepare. Protect. Settle.

The property is ready before you begin making it home.

3. Property Sanitation & Protection

- Pre-Arrival Space Fumigation: Targeted pest eradication treatment for bedbugs, cockroaches, termites, and rodents before furniture enters the new space.
- Deep Cleaning & Surface Sanitization: Scrubbing of kitchens, bathrooms, floor tiles, windows, cabinets, and appliances before unboxing.
- Deodorization & Air Refresh: Elimination of stale air, paint fumes, or post-construction odors prior to occupancy.

4. Unpacking, Setup & Settle-In

- Strategic Unpacking & Placement: Boxes unpacked directly into their designated rooms based on the pre-move plan.
- Furniture Reassembly & Positioning: Re-building of dismantled furniture and precise placement according to your preferred layout.
- Basic Appliance & Electronic Hookups: Reconnecting washing machines, refrigerators, TVs, and basic audio systems.
- Debris & Packing Waste Removal: Complete haul-away and disposal of all used boxes, tape, film, and packaging material on the same day.

FROM ARRIVAL TO SETTLED

A space prepared for day one.

Cleaning, fumigation, setup and waste removal are sequenced so your new property is ready to enjoy.
